This 2-day workshop will introduce you to the evidence-based mentoring practices that promote individual and organizational mentoring benefits. Mentoring expert, Dr. Louise Jakubik will teach you how to fill in your mentoring gap between your current mentoring state and your desired mentoring state through the use of her evidence-based mentoring model. NMI mentoring facilitators will assist participants in applying evidence-based mentoring practices to the development of unit-based, service line-based, department-based, or organization-wide mentoring initiatives.
